Mr. Mark Lunn, County Clerk & Recorder
County of Ventura
800 S. Victoria #L3014
Ventura, CA 93009

Dear Mr. Lunn:

On behalf of the 2015-2016 Ventura County Grand Jury, we would like to extend our thanks to you and your staff (Jim Becker, Tracy Salcedo, Happy Stem, Miranda Nobriga, Martin Cobos, and David Valenzuela) for your presentation and the tour of your facilities on February 29, 2016.

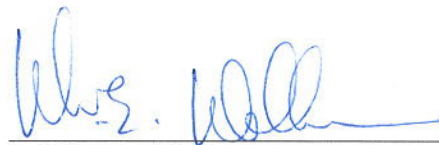

We commend your mission "To serve the public...in an ethical, transparent, efficient and cost-effective manner." We appreciate your handout with information about matters such as organization, staffing, functions, statistics, and budget. (As we have time to review this information in detail, I will contact you with any questions that may arise.) The customer service feedback speaks highly of your success in satisfying your mission. Those who had not previously toured the elections division were especially interested in learning about the processes in place to ensure the integrity of the election process in Ventura County.

We thank you for your forthright answers to our many questions. Your willingness to make a presentation to us helps us satisfy our "watchdog" function over all aspects of local government.

Sincerely,

Janice Feingold
